

Patient Complaint Policy

City Medical Centre acknowledges the rights of the patient outlined within the Health & Disability Commissioners Code of Rights. We aim to provide a high quality, professional service for all patients at all times.

If you have any complaints about the treatment or service you have received, we encourage you to provide full details of your complaint in writing to us as soon as possible so we can fully investigate your complaint, our receptionist have complaint forms available, or please email to deanna@citymedical.co.nz

If you make a complaint we will:

- Let you know that we have received your complaint within five working days unless it has been resolved to your satisfaction within that time
- Let you know within ten working days whether or not we feel your complaint is justified. If we need more time to investigate your complaint we will advise you of this and why more time is needed.

Once we have made a decision regarding the acceptance or otherwise of your complaint we will:

- Provide you with reasons for our decision
- Advise you of actions we propose to take
- Advise you of the practice appeal procedures and your rights to complain to the Health & Disability Commissioner or the Privacy Commissioner.

For complaints that take some time to fully resolve we will advise you about the progress of your complaint each month.

At any time you require we will provide you with all the information that City Medical Centre holds that is or may be relevant to your complaint.

Free and independent advice is available from the Health & Disability Consumer Advocacy Service on 0800 555 050 or <https://advocacy.org.nz/>
